

Washtenaw Community College
Radiography Program
Program Effectiveness Data

The Radiography Program at Washtenaw Community College is accredited by the Joint Review Committee on Education in Radiologic Technology (JRCERT). In compliance with the JRCERT Standards for an Accredited Educational Program in Radiography, the Program's Effectiveness Data (credentialing examination pass rate, job placement rate, and program completion rate) must be made available to perspective students and the general public. The following are program effectiveness data for the Washtenaw Community College Radiography Program.

Program Completion Rate

Program completion rate is defined as the number of students who complete the program within the stated program length. When calculating the total number of students enrolled in the program (denominator), programs need not consider students who attrite due to nonacademic reasons such as: 1) financial, medical/mental health, or family reasons, 2) military deployment, 3) a change in major/course of study, and/or 4) other reasons an institution may classify as a nonacademic withdrawal.

Year	# Students enrolled	# Graduates	Percent Completion
2018	31	22 (5 voluntary withdrawals; 4 dismissals)	71%
2019	31	23 (4 voluntary withdrawals; 4 dismissals)	74%
2020	32	22 (4 voluntary withdrawals; 6 dismissals)	69%
2021	32	22 (8 voluntary withdrawals; 2 dismissals)	91%
2022	34	20 (9 voluntary withdrawal; 5 dismissals)	80%
Total	160	109	
5-Year Average: 78%			

ARRT Exam Pass Rate

The ARRT exam pass rate is the number of graduates that pass the American Registry of Radiologic Technologists (ARRT) certification examination on the first attempt within six months of graduation.

Year	# graduates that took Exam	# that passed on 1 st attempt	% Passing
2018	22	22	100%
2019	23	23	100%
2020	22	22	100%
2021	22	21	95%
2022	20	20	100%
Total	111	110	
5-Year Average: 99%			

Job Placement Rate

The job placement rate is the number of graduates employed in the radiologic sciences, within twelve months of graduation, compared to the number of graduates *actively seeking employment* in the radiologic sciences. The JRCERT has defined *not actively seeking employment* as: 1) graduate fails to communicate with program officials regarding employment status after multiple attempts, 2) graduate is unwilling to seek employment that requires relocation, 3) graduate is unwilling to accept employment due to salary or hours, 4) graduate is on active military duty, and/or 5) graduate is continuing education.

Year	# graduates that actively sought employment	# of graduates that found employment within 12-months of graduation	% Employed
2018	21	21	100%
2019	23	21	91%
2020	22	21	95%
2021	22	21	95%
2022	20	20	100%
Total	107	103	
5-Year Average: 96%
