Washtenaw Community College
Registered Nursing (APNURS)

WCC is no longer collecting applications to the Registered Nursing program for the Winter 2026 semester. The application packet for the Fall 2026 semester is expected to become available in mid-November 2025 with an expected application deadline in late January 2026.

To be eligible to apply for the next admission cycle, all admission requirements must be successfully completed by the application deadline. Please revisit this link/website in mid-November 2025 to download the application packet. Current admission and program requirements can be found on WCC's website.

If you have not yet applied to WCC, please submit an admission application to the school. You must be admitted to the school before you will be eligible to apply to the Nursing program or schedule an appointment with an academic advisor.

We recommend watching the Mandatory Nursing Information Webinar as your **first step** in the process of applying to our program. This video is available on our website and is **required by all applicants prior to applying the program.** Important information is discussed regarding WCC's competitive admission process, admission requirements, along with other important details about applying to the program.

Program requirements are specific and we recommend meeting with a Health Program Advisor regularly to help lay out a plan for meeting admission requirements, making class selections, and to discuss ways to make your application competitive. Advising appointments can be scheduled by contacting Academic Advising at (734) 677-5102 or by visiting our website to schedule online or to connect virtually.

Questions about submitting an application to the Nursing program should be directed to our Health and 2nd Tier Admissions Office at healthadmissions@wccnet.edu or please leave a message at (734) 477-8998 or (734) 973-3596.
