

Collaborate

working together to accomplish our goals

WINTER 2021 IN-SERVICE

COLLABORATE!

This year's theme is a verb instead of a noun for a reason.

Like the faculty collaboration lab and the wonderful display at our March faculty meeting by David Wooten and Shawn Deron, let's learn from each other, let's do the interdisciplinary work we have been talking about, let's scale the exciting convergence of work taking place all over campus—let's collaborate!

Collaboration

- Collaboration is when a group of people come together and contribute their expertise for the benefit of a SHARED objective, project, or mission.
- As people's skill sets get increasingly specialized, collaboration as a practice becomes more important than ever.
- Collaboration is about WORKING TOGETHER through IDEA SHARING and THINKING to accomplish a goal.
- Collaboration is working with others in order to CREATE or PRODUCE something.
- Collaboration enables others within the organization to ENGAGE with each other.
- Collaboration is the key to creating an extraordinary workplace.
- Collaboration in the workplace is what makes teamwork successful.
- Collaborate to take teamwork to a higher level.

Why Collaborate?

1. Collaborate to solve problems.
2. Collaborate to bring people together.
3. Collaborate to learn from each other.
4. Collaborate to increase communication.
5. Collaborate to boost morale.
6. Collaboration makes us all more efficient.
7. **Collaborate to increase student success.**

Mission Statement

Our college strives to make a positive difference in people's lives through accessible and excellent educational programs and services.

To Our Colleagues,

The Teaching and Learning Center is immensely proud to welcome you to Washtenaw Community College's 2021 Winter In-Service. We are excited to host the same engaging and enriching content that you have come to expect from In-Service, to a virtual platform. We know you will enjoy it.

Each session that you have the opportunity to attend will be hosted online, via Zoom or GoToMeeting. You will have the chance to interact with the presenter as well as your colleagues from across campus. Most sessions will be recorded and hosted online following the conclusion of In-Service, so you will be able to go back to any session and watch it in its entirety. These recordings will be available online through April 2021.

Collaboration. Until recently it was just another building block of our vernacular; a word that floated around, with its full weight perhaps never fully felt. But it is here, in the most extraordinary of times, that we as a college are able to take part in acts of collaboration that will shape the future of WCC and Higher Education. How we work together in this moment will create pathways that will be traversed for years to come – what a responsibility...what an opportunity!

We hope that this Winter's In-Service challenges you, inspires you, and equips you with the confidence and the knowledge to move forward into Winter semester full steam ahead. We hope that you're able to meet new people from all around campus, and that you're able to make connections that last longer than these four days. And above all, we hope you continue to walk with us as we face this brand-new world, together.

All our Best,

The Teaching and Learning Center

Introducing the

Winter 2021 In-Service Chat Room & Jamboard

Did you love that session you just attended and have to talk about it with someone? Want to see what your colleagues are up to? Join the Winter 2021 In-Service Chat Room for a chance to have those post-session hallway chats - virtually!

Join the conversation in [Microsoft Teams](#)!

We've also set up a fun, interactive [Jamboard](#) for you to interact with your colleagues - **NEW** this Winter In-Service!

Tips for a Great Zoom Session

MUTE YOURSELF

If you aren't speaking, please mute yourself! Even quiet background noises can be distracting to the rest of the session participants. If you un-mute yourself to speak, avoid typing and promptly mute yourself again when finished.

USE THE CHAT BOX

The chat box is a feature made to communicate with others during a presentation. It's a great way to ask questions or make comments without talking over anyone. If you do not know where to find the chat box, be sure to ask the host at the beginning of the session.

ARRIVE ON TIME, STAY THE WHOLE SESSION

It is always best practice to arrive on time to a session. However, if you join late, enter quietly and unobtrusively. Please stay the whole session for full PD credit!

AUDIO OR VIDEO FREEZING?

You might have a poor internet connection. Try turning your video off for a while, or utilize an ethernet connection. This is especially true for sessions with a large number of attendees.

STOP VIDEO IF:

- There are visual distractions in your background;
- You're moving your device;
- You need to absent yourself for a moment.

BE PATIENT!

This is different for all of us; be extra patient with technology, yourself, and others. Hosting? Assume at least one person in your session is brand new to this - a little kindness will go a long way!

ZOOM TIPS FOR HOSTS

from the TLC

Do you want to enable screen sharing for your students? You can do that without having to make them a co-host: simply click on the ^ next to the "**Share Screen**" button on the bottom menu, and select "**Advanced Sharing Options**." This will open up a dialogue box where you will be able to select that "**All Participants**" can share their screen.

Conduct quick "yes or no" or "this or that" polls by having students utilize their camera controls! Simply ask a question with two distinct answers, and have all the students who agree with one answer turn their cameras off, and those who agree with the other answer leave their cameras on.

Everyone loves a little bit of music - it keeps things engaging! You can pipe your own music into your Zoom session before class has started, while students are coming out of breakout rooms, or whenever you think it fits. All you have to do is click on the "**Share Screen**" button, and select the "**Advanced**" tab at the top. There, you will see an option to share **Music or Computer Sound Only**. Throw on your favorite playlist and jam!

You have the ability to create your own virtual backgrounds! If you're feeling fancy and want to project a welcome message, your daily itinerary, etc. behind you as a background: go into PowerPoint, create a slide with what you want on it, and save it as an image. From there, you can go into your Zoom settings, and upload that image to your library of backgrounds.

curriculum & assessment

In-Service - Winter 2021

The Assessment Process Series

These courses are part of an assessment series that build on each other. You are encouraged to take them in order, but previous sessions are not required.

Assessment Process: Reviewing the Plan (1/5)

Review the master syllabus or program assessment plan to find where the data comes from.

Assessment Process: Embedding Data (1/5)

With your sampling strategy in mind how to embed data collection in my course or program. Are there other ways to make it easier to collect the data?

Assessment Process: Calculating the Standard of Success (1/5)

I've got my data, but how do I calculate the standards of success correctly?

Program Assessment: Develop Your Plan for Success (1/5)

If you are ready to take the dive into program assessment, this session can help get you started. Reviewing the program assessment plan, identifying next steps, and resolving data collection issues will all be discussed.

The General Education Assessment Series

These courses are part of a series for Team Leads for each General Education Area to prepare for the collection of General Education Assessment data in Winter 2021.

General Education Assessment: General Education Area Teams Leads Meeting (1/6)

General Education Assessment: Planning Form and Process (1/6)

General Education Assessment: Writing the Report (1/6)

General Education Assessment: Outcome Team Meetings (1/6)

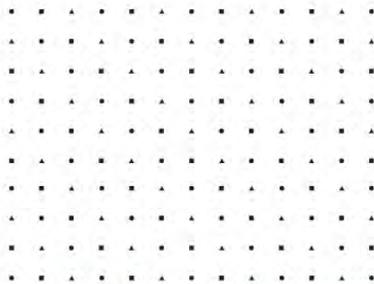

Faculty from each General Education area will meet with their Team Leads to prepare for General Education Assessment in Winter 2021.

|--------------------------------------|---|
| 9:00am-10:00am | Welcome Back! Creating a Brighter Future – Opening Remarks from President Bellanca Please watch your inbox for an email from the Office of the President. |
| BREAK — 10:00am-10:30am | |
| 10:30am – 11:30am Teaching | Rubrics: Make Your Grading Easier (Nancy Collison, Innovation Technologies Mgr) Instructors move through grading easily and can spend quality time on the student feedback box. Students are clear about how they earned their grade. You can add a rubric to any assignment or discussion board. It's easy to click through the rubric criteria to add up a score. When you use a rubric with each student, it creates consistency in grading. This also lets students view each criteria and score in their MyGrades. Join the discussion about how faculty use this tool, easy set up demonstration, grading workflow, and examples. https://wccnet-edu.zoom.us/j/88019899264?pwd=bTFHVEJpVDNpZTI3Y2JZUEh5bDV5UT09 Meeting ID: 880 1989 9264 Passcode: 476447 Contact tlc.staff@wccnet.edu if you have any issues logging in. |

Break Time!

What should you do?

- Step away from the screen for a while - this will enable you to be focused and ready for the next session!
- Take time to eat, grab a drink, and use the restroom.
- Try these quick exercises to get the blood flowing:
 - **Water Bottle Curls:** Use a full water bottle as a weight, hold it in your left hand and extend your left arm all the way to your side. Slowly bend arm up at the elbow and squeeze at the top. Repeat!
 - **Arm Raises:** Sitting tall in your chair, stretch both your arms over your head and reach for the sky. After 10 seconds, extend the right hand higher, then the left. Repeat!
 - **Leg Raises:** While sitting with your legs firmly planted on the floor, raise one leg up till it's parallel with the floor. Hold for ten seconds before lowering. Repeat!
- Take a lap around the house or around the room. Stretch your arms above your head while you walk.
- Remember to breathe and to be kind to yourself and to others.

| TIME | TOPIC / PRESENTER(S) |
|-------------------------------------|--|
| 10:30am-11:30am Teaching | Metacognition in my Microbiology Class (Anne Heise, Faculty) Metacognition is thinking about your thinking and learning. WCC faculty were introduced to metacognition during Fall 2020 In-Service with Dr. Sandra McGuire. Dr. McGuire described a few steps students and instructors can take to learn more efficiently and do better on exams. Anne Heise tried to adopt some of Dr. McGuire's suggestions during the Fall semester. In this session, Anne will describe what she did, what the students said about it, and what she'll be trying in her Winter 2021 classes. https://wccnet-edu.zoom.us/j/88109384633 Meeting ID: 881 0938 4633 Contact tlc.staff@wccnet.edu if you have any issues logging in. |
| BREAK — 11:30am-12:30pm | |
| 12:30pm-1:30pm Teaching | CircleIn: Highlights from Faculty & Tutors (Kim Hurns, Exec VP Instruction & Academic Affairs & Victoria Bennett, Director-Learning Commons) Learn about the CircleIn Study App, review the student interface as well as the faculty and tutor dashboards. Students can collaborate and support each other, and faculty can learn about class pain points and learning opportunities. The study app is student-led and does not require faculty monitoring or management, but the faculty view can benefit teaching and student studying support. https://wccnet-edu.zoom.us/j/84320980544?pwd=WUNZNnRiQ29laFJRT1A5OFNsdVNVUT09 Meeting ID: 843 2098 0544 Passcode: 671155 Contact tlc.staff@wccnet.edu if you have any issues logging in. |

| 12:30pm-1:30pm Workplace Effect. | Using Videos in your Virtual and Online Instruction (Tara Kowalewski, OL Teach & Learn Architect; Nate Berens, OL Video/Streaming Specialist; Molly Ledermann, Prof Librarian; Amy Lee, Librarian) Discussions will be around making choices that consider educational purpose, what's legal and illegal, WCC streaming resources and things to watch out for. Learn how to add video to your course so that you meet UDL and mobile design standards. https://wccnet-edu.zoom.us/j/84242890458?pwd=UEN3L2RPQitrNkVCZ0dPLzRRT2poUT09 Meeting ID: 842 4289 0458 Passcode: 138792 Contact tlc.staff@wccnet.edu if you have any issues logging in. |
| 12:30pm-1:30pm Teaching | Liberal Arts Workplace Skills: Aligning Courses (Kimberly Jones, Faculty & Bonnie Tew, Faculty) LA Innovate wants to show you how easy it is to connect your course content with employer's needs. Studying the liberal arts provides students, of any major, with the skills necessary to compete in today's global job market. Our students learn critical thinking, ethics, and cooperation to name just a few! Come join other motivated colleagues and learn how to translate what you are already doing in class into lingo that will move non-majors to see the benefits of learning your subject. https://wccnet-edu.zoom.us/j/89833785162?pwd=cmN0SxhCU0gydkUzS0dKbUdzZnZ2Zz09 Meeting ID: 898 3378 5162 Passcode: 879769 Contact tlc.staff@wccnet.edu if you have any issues logging in. |

| 2:00pm-3:00pm Teaching | Learning to See, Seeing to Learn: Visual Literacy Across the Disciplines (Meghan Rose, Librarian) From infographics to cat memes, we are living in an increasingly visual world. It is essential for 21st century learners to effectively find, create, interpret, and make meaning from images, but it is often assumed that these skills are innate or limited to art and design. The truth is that visual literacy requires a sophisticated set of skills that have broad applications across the disciplines. This interactive workshop will explore visual literacy concepts and provide space for participants to consider how visual literacy can be applied to teaching within various subject areas. https://wccnet-edu.zoom.us/j/82313293977 Meeting ID: 823 1329 3977 Passcode: 296403 Contact tlc.staff@wccnet.edu if you have any issues logging in. |
| 2:00pm-3:00pm Teaching | Connecting through Video (Michelle Westerdale, OL Experience Architect, Jeremy Liesen, OL Cross Functional Developer & Mary Mullalond, Faculty) Video may have killed the radio star but we're taking advantage of it to connect with students virtually and remind them that a real, living human is behind that Blackboard site. (They miss seeing you too.) <ul style="list-style-type: none">• How to create simple videos, like weekly announcements, assignment clarifications, and what else?• Learn how to get that video from your phone or computer or tablet to your students. Join this session to learn how to create short, simple videos to increase your students' engagement and connection with your course. There will be time for you to go through the creation process, so you can ask lots of questions and get the help you need to create your videos. https://wccnet-edu.zoom.us/j/87570283244?pwd=ZEJRNWhKV2MxMFp3eFNjS3ZkR2hZZz09 Meeting ID: 875 7028 3244 Passcode: 679736 Contact tlc.staff@wccnet.edu if you have any issues logging in. |
| 2:00pm-4:30pm Teaching | OK Zoomer: Going Beyond the Basics (Doug Shaw, University of Northern Iowa) Have you noticed that while there are lots of avenues to learn Zoom 101 (muting the microphone, changing your name, going into Gallery view) there are not a lot of resources that go beyond that? This workshop builds on techniques developed by the Applied Improvisation Network to do things with Zoom that you probably have never seen before! Things that will make your zoom meetings more effective and engaging and are not yet widely known. We will be using features of zoom in ways that they were not originally intended to be used, have a good time, and you will leave with new ideas you can use right away, and a new mindset that will make you feel charged and happy to continue making discoveries. This workshop is intended for people who are already familiar with zoom, and want to learn some "intermediate" tricks that can be used to make your classes and meetings even more effective! So please be able to change your name, mute and unmute your mic, start and stop your video, and switch between speaker and gallery view. This session is going to assume that you are able to have video on. Finally, if you can connect with a desktop or laptop computer, it should go much more smoothly! https://us02web.zoom.us/meeting/register/tZEvc-ypqjsqH9EsvEsme3V003rSerh4bcEe PRE-REGISTRATION REQUIRED AT LINK ABOVE Contact tlc.staff@wccnet.edu if you have any issues logging in. |

Listen First then Collaborate (Nichole Cullin, Adjunct Faculty)

Collaboration – working together towards a common goal. As Steven Covey said, "Most people don't listen with the intent to understand; they listen with the intent to reply." In order to successfully collaborate, you need to first listen to the ideas around you. Learn to focus on what is important in that moment you are listening because you may miss the next great idea.

We are excited to welcome Dr. Sandra Y. McGuire back to WCC!

Please join us for two amazing sessions where Dr. McGuire will talk about strategies for effective faculty mentoring and how faculty can use appreciative advising to help students excel.

Title: Strategies for Effective Faculty Mentoring of 21st Century Students

Time: 10:00am – 12:00pm

Description: Effective mentoring has long been recognized as important for success in professional and academic environments. However, mentors are seldom provided the training to ensure that the mentoring relationship will be most beneficial to the protégé and to the mentor. This interactive workshop will discuss strategies for effective mentoring of today's students and will contrast the behaviors of masterful vs. misguided mentors. Additionally, techniques for producing proactive vs. problematic protégés will be discussed.

Title: How Faculty Can Use Appreciative Advising to Help Students Excel

Time: 1:00pm – 2:30pm

Description: Students often come to college with high aspirations, but with inadequate preparation to excel. This interactive session will present a discussion of appreciative advising, an advising technique developed by Jennifer Bloom. This approach has the potential to facilitate more effective faculty advising sessions. We will discuss how faculty can integrate learning strategies into advising sessions.

About Dr. Sandra Yancy McGuire

*Dr. Sandra Yancy McGuire is the Director Emerita of the Center for Academic Success and retired Assistant Vice Chancellor and Professor of Chemistry at Louisiana State University. She has delivered keynote addresses or presented workshops on effective learning strategies at over 400 institutions in 47 states and 10 countries. Prior to joining LSU, she spent eleven years at Cornell University, where she received the coveted Clark Distinguished Teaching Award. Her best-selling book, *Teach Students How to Learn*, was published by Stylus in 2015. The student version of this book, *Teach Yourself How to Learn*, was released in January 2018.*

Dr. McGuire's most recent accolades include being listed in the 2020 edition of Marquis Who's Who in America, the 2019 Distinguished Lecturer Award from the National Institute for Staff and Organizational Development (NISOD), the 2019 Commitment to Excellence in Academic Support Award from the Commission for Academic Support in Higher Education, the 2017 American Chemical Society Award for Encouraging Disadvantaged Students to Pursue Careers in the Chemical Sciences, and induction in 2017 into the LSU College of Science Hall of Distinction. She is an elected Fellow of the American Chemical Society, the American Association for the Advancement of Science and the Council of Learning Assistance and Developmental Education Associations. She received the Presidential Award for Excellence in Science, Mathematics, and Engineering Mentoring in a White House Oval Office Ceremony.

Dr. McGuire received her B.S. degree, magna cum laude, from Southern University in Baton Rouge, LA, her Master's degree from Cornell University, and her Ph.D. from the University of Tennessee at Knoxville, where she received the Chancellors Citation for Exceptional Professional Promise.

She is married to Dr. Stephen C. McGuire, the James and Ruth Smith Professor of Physics Emeritus at Southern University. They are the parents of Dr. Carla McGuire Davis and Dr. Stephanie McGuire, and doting grandparents of Joshua, Ruth, Daniel, and Joseph Davis.

*Providing Support and Community for Students in
Addiction Recovery*

To learn more about CRP:

- Join us Wednesdays, online at noon for student-led recovery meetings.
- Peer-to-peer recovery support works!
- Find stability and connection while giving back.

What Students are Saying about CRP

"CRP has been an integral part of my life. It provides me with a safe, supportive space in which to nourish my recovery in an academic setting. The world can be chaotic, and relying on the support of the CRP community has helped me stay grounded and connected in these challenging times." **Alex Stubbs, Fall 2020 CRP Co-President, 2020-Current**

"The stability and recovery support that CRP has provided, especially during our campus closure, has been very helpful to me." **CRP Student, 2019-Current**

TeleMental Health Services:

NOW AVAILABLE TO WCC STUDENTS

TeleMental Health, also known as online therapy, is simply receiving therapy through electronic means whereby the client and personal counselor are in two different locations.

What does this mean for WCC students?

- WCC's Licensed Professional Counselors (LPC's) have received TeleMental Health Training Certifications (THTC) to better serve students virtually
- TeleMental Health services began Fall 2020
- TeleMental Health services are available to currently enrolled students
- TeleMental Health services have replaced WCC's in-person personal counseling services during the COVID-19 pandemic
- TeleMental Health services will begin with an intake assessment, in which the personal counselor will make recommendations for the student based upon the student's needs and WCC's Scope of Practice

Students can make an appointment by calling the Counseling & Career Planning Department at 734-677-5102

Students may continue to receive support via WCC's Campus Assistance Program (CAP):

The Campus Assistance Program offers additional mental health services that compliment WCC's TeleMental Health services. CAP is a clinical service available 24/7, 365 days a year which includes a diagnostic assessment, plus up to three telephonic short-term problem resolution sessions. Any currently enrolled WCC student can use this service by calling

1-866-227-3834.

For instructions on accessing CAP, please visit:

<https://www.wccnet.edu/succeed/personal/counseling/>

If you have concerns about a student's mental health, please contact the CARE team at: <https://www.wccnet.edu/succeed/wcc-care-team/>

Start Building Your Professional Skills Today!

LinkedIn Learning, you get:

- Access to more than 16,000+ expert-led courses
- Receive course recommendations tailored to you
- Earn a certificate when you complete a course
- Use quizzes and project files to practice while you learn
- Convenient learning – access courses 24/7, from your computer or mobile device

To Access LinkedIn Learning:

1. Log into WCC's Blackboard.
2. On the Student Resources page, under "My Courses" click on the "TLC: Teaching & Learning Center (LinkedIn Learning)" course.
3. Under Course Materials, click on the link for your group (Faculty, OPT, Staff).
 - **For Faculty**, your Collection has been divided by requirement (Leadership, Teaching, Workplace Effectiveness). Click on one of these requirements to select your course.
4. Click on any of the LinkedIn Learning course to start learning.

* In order for LinkedIn Learning content to count towards PD hours, courses must be listed in the Collection for **your classification** (**Faculty Collection for Faculty**) or (**OPTs Collection for OPTs**). If you would like to recommend that a course be added to a Collection, please contact FPD@wccnet.edu / tlc.staff@wccnet.edu / tlc@wccnet.edu.

* All College employees may take advantage of LinkedIn Learning content.

Benefits of LinkedIn Learning:

- For Faculty*: Supplement curricula, support the flipped classroom, and use expert content instead of requirement textbooks. For more information on using LinkedIn Learning in your course contact the CiTL at citl@wccnet.edu / facultyhelpdesk@wccnet.edu or call 734-477-8713.
- For Staff*: Serves as a virtual helpdesk for quick answers, explore the most in-demand skills and learn from industry leaders.

Full-Time Faculty Professional Development Requirements

Full-time faculty must complete 16 hours of professional development through the Teaching and Learning Center (TLC) within the Academic Year (July 1st through June 30th).

What Counts

- Any TLC session listed in KALPA with any of the following tags:
 - Teaching
 - Workplace Effectiveness
 - Leadership
- Any offering in the **LinkedIn Learning Faculty Collection** (on the TLC Blackboard site) or **Faculty Professional Development** recorded webinars (find & register on Kalpa for credit). (Please email tlc.staff@wccnet.edu after completing a **recorded session (provide session title and date.)**)
- Any TLC session/course you lead – leading a 1 hour session = 1 hour PD credit:
 - Submit your session ideas & the TLC will coordinate the rest:
<https://wccpriorityone.wufoo.com/forms/tlc-event-form/>
- PD credit will be calculated by scheduled hours per session:
 - 1 hour scheduled session = 1 hour of PD credit

What Doesn't Count

- HR Essential Training (*completed on Blackboard each year; 100% completion of this course required of all WCC Employees*).
- Off-campus professional development (conferences, speakers, etc.).
- Department, Division, Faculty, or other meetings that are already part of your professional responsibility as a faculty member.

How it Works

- Register anytime for sessions or courses listed on KALPA!
- Attend a session. Your attendance will be verified, and your completed PD hours will be updated in KALPA, so you always know how many hours you've completed and how many hours you have left to complete.
- Currently there are over 100 hours of courses available for you to take to earn your 16 hours, and sessions will be continually being added throughout the school year.
- **Tell TLC and FPD what sessions or courses you would like to see added and they will gladly help you add meaningful sessions.**

Please send feedback & questions to fpd@wccnet.edu.

Faculty Professional Development *by Faculty, for Faculty*

Part-Time and Adjunct Faculty Professional Development Opportunities

Part-Time and Adjunct Faculty are eligible to receive \$25 stipends for attending professional development sessions offered by the Teaching and Learning Center listed on KALPA.

What Counts

- Any TLC session listed in KALPA with any of the following tags:
 - Teaching
 - Workplace Effectiveness
 - Leadership
- Any offering in the **LinkedIn Learning Faculty Collection** (on the TLC Blackboard site) or **Faculty Professional Development** recorded webinars.

What Doesn't Count

- HR Essential Training (*completed on Blackboard each year; 100% completion of this course required of all WCC Employees*)

Guidelines for Stipends

- Faculty are required to registered in advance for the session
- Faculty must attend the FULL session
- Faculty must be actively teaching to earn stipends
- Stipend payment will be limited to 4 sessions per month
- Stipend payment will be paid monthly

Disclaimers

- Stipend payments will not be issued to those that have a full-time position at WCC.

How it Works

- Register anytime for sessions or courses listed on KALPA!
- Attend a session. Your attendance will be verified, and your completed PD hours will be updated in KALPA, so you always know how many sessions you've completed.
- Currently there are over 100 hours of courses available for you to take, and sessions are continually being added throughout the school year.

Part-Time & Adjunct Faculty Institute

The Faculty Professional Development Committee offers special sessions just for part-time and adjunct faculty, under the Part-Time & Adjunct Faculty Institute. Register for these sessions in KALPA to receive stipends. Look for Fall and Winter semester Kick-Off sessions before each semester begins and for monthly lunch and learns. The goal of the institute is to foster engagement and community around professional development at WCC.

Everyone's reason for coming to WCC is different. And yet, the results are so similar. The reason may be to start a new career path, or strengthen an existing one. To establish a foundation for further academic study at a four-year college. To fulfill a dream, or follow a passion to a very rewarding outcome. Whatever the reason, the result is always a new and interesting chapter in a life story. We all have our something "next," and WCC is a means to achieve it. We teach, we encourage, we guide, we support, we inspire. Life has many chapters. We're here to help you start your next one.
